Scheme of Delegation

To be approved by the Board of Trustees –
September 2018

This Scheme of Delegation for the Woodland Academy Trust sets out where responsibilities and accountabilities sit within the structure. For example, it will indicate whether a task is the responsibility of the Board of Trustees, Regional Governing Board, School Advisory Panel, Chief Executive Officer or Head Teacher/Head of School.

In the absence of the CEO, the COO/Deputy CEO will assume full delegated operational responsibility. Where decisions of the CEO relate to the performance of the COO/Deputy CEO, these will be taken by the Board of Trustees (or a panel derived from the Board of Trustees).

In the absence of the HT/HoS, the Executive Head Teacher will assume full delegated operational responsibility.

The Woodland Academy Trust

The Woodland Academy Trust was set up as a Multi-Academy Trust (MAT) and is committed to the provision of high-quality education. The Trust is overseen by the Board of Trustees who are accountable to the Department for Education ('the DfE'). Each hub of schools has its own Regional Governing Body and each school has its own School Advisory Panel.

The Board of Trustees

The Board has overall legal responsibility for the operation of the Trust and the schools within it. The Board may decide to form committees to carry out certain of its functions. The term "Board of Trustees" will therefore include any such committees that may be formed from time to time. The Board of Trustees has the right to take any necessary action where it feels there is cause for concern within a school and has the unequivocal right to revoke any existing delegations.

The CEO

A significant number of responsibilities under the Scheme of Delegation lie with the Chief Executive Officer. The term "CEO" includes the Chief Executive Officer and other staff employed centrally to whom he/she may delegate specific functions. Accountability however always remains with the CEO.

The Accounting Officer

The CEO has overall executive responsibility for the Trust's activities including financial activities and is the Financial Accounting Officer. Much of the financial responsibility has been delegated to the COO/Deputy CEO who is the Chief Financial Officer. The Accounting Officer will maintain an annual log of financial management actions and evidence for audit inspection.

The Board is legally responsible to the DfE. Trustees are therefore expected to exercise a tight rein over their schools to secure the required school improvement and this is reflected in the Scheme of Delegation.

Funding

A re-charge "top slice" is levied on each of the schools in the Trust to cover the cost of centrally provided services. These services include, but are not limited to, the provision of a coherent package for school improvement which is tailored to the needs of each school, finance, HR, recruitment, premises, extended services, governance and compliance.

Schools are given the opportunity to bid for additional funding for school improvement projects and this is funded directly from the pooled reserves of the Trust.

Working together as a family

All schools within the Trust family will be expected to contribute to one or more of the following:

- Development and maintenance of school policies;
- Sharing of best practice through the Trust Improvement Networks (“TINS”);
- Mentoring and coaching of staff.
- Building family hubs in each of our communities.
- Being capacity givers into improving the overall education system.

This reinforces the principle of working together to deliver outstanding education.
